

Be the future of healthcare.

With some of the fastest growing professions in the United States, rewarding and high-earning jobs, and the chance to touch people's lives every day, it's no wonder over 13 million people work in the healthcare industry nationwide! Be the future of the healthcare industry by choosing one of the 30+ programs offered by the Dumke College of Health Professions at Weber State University.

Why Health Professions at Weber State?

Flexible scheduling. Your time is valuable. We work to ensure that you receive credit for all courses you take at WSU, even if you have to reduce your credit load or take a break from school.

Cutting-edge, relevant programs. Our programs are designed with working professionals in mind. Whatever program you choose, you'll receive employable skills every step of the way.

Specialized, personalized education. We allow you to develop your skills in very specialized areas, offering the technological conveniences of a large institution while providing the most personalized attention imaginable.

WEBER STATE UNIVERSITY
Dumke College of Health Professions

Make *your dream* happen.

DENTAL HYGIENE

weber.edu/dentalhygiene

Weber State's Dental Hygiene Department has over 40 years of experience training Utah's dental hygiene work force. WSU is the first program in Utah that offers a bachelor's degree in Dental Hygiene. Our hands-on, state-of-the-art program not only means that you will be well-prepared to enter the field and highly sought after by employers, but also means that you will be well prepared to pass your board exam on the first try, like 99% of our students.

Degrees and Certificates:

- AS Dental Hygiene
- BS Dental Hygiene

EMERGENCY CARE AND RESCUE

weber.edu/ecr

The fast-paced world of emergency medicine requires a precise skill set and an ability to act quickly and accurately under pressure. WSU's Emergency Care and Rescue Department offers programs that will help you to learn and perfect these skills, so that you will be prepared for whatever comes your way. Start off as an EMT, then Paramedic, and you can continue to our innovative bachelor's degree program.

Degrees and Certificates:

- EMT Certificate
- Paramedic Certificate or AAS
- BS Emergency Healthcare Sciences

HEALTH SCIENCES

weber.edu/healthsciences

Every healthcare worker needs a strong foundation in the health sciences. With an associates degree in Health Sciences you will make yourself more prepared and marketable for the healthcare training program of your choice. Using in-depth laboratories and a highly qualified faculty, WSU Health Sciences offers everything from its integrated anatomy and physiology courses to medical terminology and pharmacology.

Degrees and Certificates:

- AS Health Sciences
- Program Prerequisites

HEALTH ADMINISTRATIVE SERVICES

weber.edu/has

The world of healthcare is not limited to clinical careers. A career in health administrative services can encompass facility and employee management, information technology, and executive leadership positions. A degree in Health Administrative Services from Weber State will lead you to excel in healthcare administration and still enable you to touch people's lives through healthcare.

Degrees and Certificates:

- Certificate Healthcare Coding
- AAS Health Information Technology
- BS Health Services Administration
- Master of Health Administration

MEDICAL LABORATORY SCIENCES

weber.edu/mls

Medical laboratory scientists are a vital part of the clinical healthcare field, and play a central role in the diagnosis and treatment of disease. Your degree in Medical Laboratory Sciences at Weber State will enable you to provide laboratory expertise to the healthcare team while preparing you to excel in your field of choice. A bachelor's degree in Medical Technology is also an excellent option for pre-professional students.

Degrees and Certificates:

- Certificate Clinical Laboratory Assistant
- AAS Medical Laboratory Technician
- BS Medical Technology

NURSING

weber.edu/nursing

The School of Nursing at Weber State is one of the oldest and most well-respected nursing programs in the State of Utah. With over 60 years of experience, the School of Nursing will provide you with a time tested education while teaching through innovative methods and state-of-the-art facilities like our new Annie Taylor Dee Simulation Center. Start your nursing career off right with a degree from WSU.

Degrees and Certificates:

- AS Registered Nurse
- BS Nursing
- MSN Educator or Executive
- MSN Nurse Practitioner

RADIOLOGIC SCIENCES

weber.edu/radsci

Radiology is a field with constant technological change and innovation. Weber State's Radiologic Sciences Department is on top of these leading edge of these developments, and educates those students who are ready for a career with modern and future technologies. This field is full of variety, and whether you're looking for a Radiography Certification or career advancement through a master's degree, WSU will help you on whichever path is best for you.

Degrees and Certificates:

- Limited Practical Technologist (LPT)
